This is the place to be! We have everything! The BEST location for shopping, groceries and medical needs. We have the BEST location, the BEST Staff,(they are so outstanding), the BEST design, the BEST food and the service is excellent! I love the activities because there is such a variety. I have missed my friends, but have made many new friends here. Whatever you want, it's here. This is truly family-orientated. It's almost as though I am on a vacation with really no concerns. Thank you Regent, for being here for me.
